Nordplus Junior project "Professions' Lab"

Aims

- To introduce professions and entrepreneurship to students.
- To reinforce links between schools, government, and entrepreneurs.
- To strengthen cooperation between Baltic states and Finland.
- To organise mobilities in four partner countries.
- To compile career education study materials.

Mobilities

Latvia

October 2019
"Career as life"

Finland

November 2019
"How to use ICT in career work"

Estonia

February 2020
"Employer or worker?"

Lithuania

April 2021
"Creativity in career education?"

Results

- Students' enhanced knowledge on professions and entrepreneurship.
- Career education study materials.
- Mobilities in all partner countries.
- Overviews and photos of mobilities on school websites.
- Brochure of the project.
